Google reCAPTCHA works by transmitting certain types of information to Google, such as the referrer URL, IP address, visitor behavior, operating system information, browser and length of the visit, cookies, and mouse movements. Your use of Google reCAPTCHA is subject to Google's [Privacy Policy](#) and [Terms of Service](#). More information as to Google reCAPTCHA and how it works is available [here](#).

5. Opt-Out Preference Signals

We do not engage in "sales" or "shares" as those terms are defined under applicable laws and therefore, our Site does not recognize the Global Privacy Control ("GPC") signal. For more information and to download and use a browser supporting the GPC browser signal, click here: <https://globalprivacycontrol.org/orgs>. If you choose to use the GPC signal, you will need to turn it on for each supported browser or browser extension you use.

Some internet browsers incorporate a “Do Not Track” feature that signals to websites you visit that you do not want to have your online activity tracked. Given that there is not a uniform way that browsers communicate the “Do Not Track” signal, the Site does not currently interpret, respond to or alter its practices when it receives “Do Not Track” signals.
